

GENETRON[®] 134a **(R-134a)**

Quality Refrigeration and Air Conditioning for Automobile
and Stationary Applications

Honeywell

GENETRON 134a

A RELIABLE REFRIGERANT FOR YOUR APPLIANCES AND AUTOMOBILES

With the inevitable need to stay cool in high-temperatures, we at Honeywell understand the need and importance of temperature control in the region. With that in mind, Honeywell Refrigerants offers Genetron 134a (R-134a) to suit a variety of applications that are both static and on-the-go. It is designed to ensure that your systems run trouble-free in harsh weather conditions and give you improved efficiency and mileage.

Genetron 134a – Reliable and Efficient

- Lasting quality and efficiency
- U.S. EPA SNAP-listed
- Ideal for new equipment and service requirement
- Durable performance in tough weather conditions

Genetron 134a is manufactured in the U.S. with utmost diligence to quality and safety standards. It comes with a proven track record of lasting efficiency and is ideal for use in hermetic systems and new equipment. It is U.S. EPA SNAP-listed and recommended for use by major manufacturers worldwide.

To know more about the benefits of Genetron 134a, visit <https://www.fluorineproducts-honeywell.com/refrigerants/products/genetron-134a/>

Genetron 134a is a nonflammable (ASHRAE A1), non-ozone-depleting refrigerant, making it a long-term solution for diverse applications such as:

Stationary Refrigeration and Air-Conditioning

Automotive Air-Conditioning
